Church Income is all offerings received by the local church. It includes all donations received by the church to further its mission, both designated and undesignated, such as regular tithes and offerings for the global mission (World Evangelism Fund and all Mission Specials), building fund, capital campaign, benevolence, Compassionate Ministries Centers, SDMI, NYI, etc. Do not include borrowed money or any money received from an insurance claim.

The Giftbox shows all contributions that the church has given, and also donations made from church members directly.

Sometimes church members will send in donations to specific missionaries, or to Nazarene Compassionate Ministries like child sponsorship, Alabaster, etc.

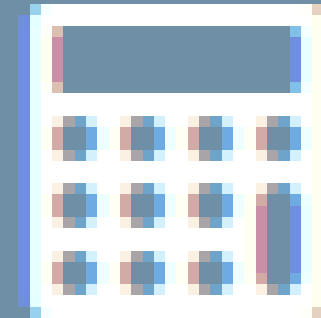

Point-to-Point Giving is a way for your church to tell the General Treasurer that you've given money directly to a Nazarene ministry that has been designated as a Ten Percent Special without sending the money through the General Treasurer's Office first. Reporting money that you gave directly to an approved mission special (such as a compassionate ministry center or a new church plant) is beneficial because this money will count toward your Mission Ten goals.

Click on the \$ symbol to make online contributions to WEF, P&B, and the District using a church bank account.

This is the Planning Calculator.  
**DO NOT USE THIS TOOL!!**  
It works for getting an estimated total, but it is not based on the “adjusted gross income”.  
It will confuse your treasurer.

“ENC” is NOT using electronic reporting. Since it is the same percentage as P&B, you can use the same totals, but will have to keep your own records of giving.

Notice this extra line –  
“If WEF goal is Met:”

If a church pays their WEF in full,  
the P&B, ENC, and District Goals  
are lowered.

This system will automatically update and  
calculate the goals and percentages.  
*(It did not show in the sample, as there was no income  
reported.)*

This system will also automatically update  
the annual pastor’s report.

Please feel free to contact the District Resource Center with any questions.

The DRC is happy to walk you through the system so churches can insure more accuracy!
